Pittsburg, KS 66762

CERTIFIED MAIL: 7001-0360-0002-9515-7752

Dear Mr. Van Becelaere:

Our agency is updating the status of oil and gas well bonds currently held. In order to do this we are contacting bond owners to verify the status of their wells (never drilled, inactive, active, or plugged). We currently hold a \$20,000 certificate of deposit for one gas well in your name.

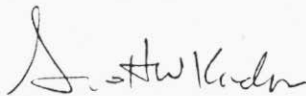

This bond is for one permitted well in Clinton County. If this well has been drilled please submit the well completion form (OGC-5). If this well is in production please submit the required monthly production forms (OGC-9 and OGC-10). If the well has been permanently abandoned, submit the required plugging forms (OGC-6 and OGC-7). If this well was never drilled, please complete and submit the permit cancellation form. You may contact this office to obtain the proper forms for well completion, plugging, reporting production, or permit cancellation. If the well has been transferred to another company, please make arrangements to have the new company establish adequate bonding.

State regulations 10 CSR 50-2 requires the submittal of well completion, plugging forms for abandoned wells, and production forms for active wells. Failure to submit the proper forms will result in the issuance of a Notice of Violation. When the proper plugging forms have been received, notice to cancel permit, or a bond received from another company for this well, you may request in writing the release of the \$20,000 bond held.

Please contact this office by February 1, 2008 to verify receipt of this letter and indicate the status of the well in question.

Sincerely,

DIVISION OF GEOLOGY AND LAND SURVEY

Scott Kaden, R.G.
